# DEAR READERS AND ADVERTISERS

## WELCOME TO THE SPRING EDITION

Spring heralds the coming of warmer weather, eagerly anticipated summer rains and the start of new life in the agri-sector. It is also a time for preparation, time to get your garden in order and time to make sure your pool is in pristine condition for the first summer splash. This is why we feature some handy hints on getting ready for the new season in this edition and we show-case the essential products and brands you need to meet spring and summer with confidence.

Prodlist is the leading distributor of the recognised brands Bellota and Agpoint - so look out for the article about the product range we stock.

FarmCity has launched an exciting loyalty programme and continues to enhance its brand at key events and shows. This time the brand

was prominent at the South African National Equestrian Schools Inter-league (SANESA). We are excited to introduce the Fusion range of power tool accessories as well as the Gro range of hose-end garden fittings. These are our own developments that we believe provide the opportunity for increased margins from well-researched, well-branded, good quality product ranges.

The amazing Chesa Wheels invention is 100% South African and is an ingenious alternative cooking and heating solution, especially during load-shedding. It is also an absolute must-have for the informal settlement market. Read all about it on page 5.

Thank you for reading our magazine!

# SHELF CONCEPTS IN THE CLIENT ZONE

ONE OF THE EXCITING FEATURES IN THE CLIENT ZONE IS THE MORE THAN 90 SHELF CONCEPTS THAT CAN BE DOWNLOADED OR DIRECTLY ORDERED FROM.

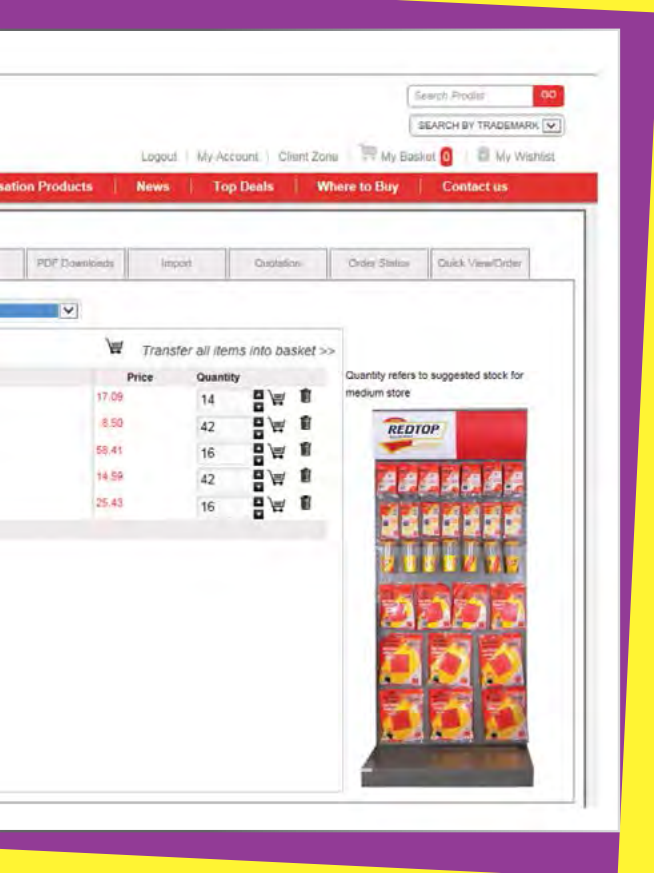

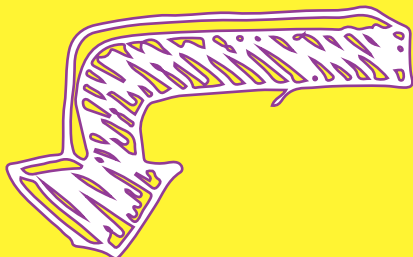

The shelf concepts display the suggested shelf quantity, the actual price for the user and a picture of the shelf lay-out. The shelf concept can also be used to make up an order from the range of products. This is much easier since the line items are displayed in tabular format with related products grouped together. Once the quantities to order are keyed in, the complete list can be transferred to the order basket. To view the shelf concepts on the Prodist website, visit [www.prodlist.co.za](http://www.prodlist.co.za) and click on Client Zone.

**H**ierdie saag is ontwerp met kwaliteit, waarde en selfs meer belangrik, funksionaliteit, in gedagte.

Plaas jou vleis op 'n vleklose staal werksblad en gebruik die aaneenlopende gly-aksie van die saag om 'n eenvormige snyproses te verseker. Die blad word ook maklik verwyder, wat beteken dat jy dit deeglik kan skoonmaak.

Die Claasens Vleissaag het 'n boonste en onderste lemstabiliseerder met laers, wat beteken dat die lem baie stabiel is. Die **lem** is ook wyer (16 mm), wat die lewensduur soveel langer maak.

Dubbelaers op beide katrolle en 'n ruffie agter die katrol verseker 'n gladde **lemmeganisme** wat nie van die katrol af sal gly nie. Die gegote aluminium omhulsel is duursaam en maklik om skoon te maak, terwyl die lem verstelbaar is om spanning te verhoog of te verlaag vir optimale effektiwiteit.

Die Nr. 22 **vleismeul** met laer omwenteling per minuut (120), verseker vinniger maal van vleis en 'n langer lewensduur vir die vleismeul. Die saag word aangedryf deur 'n hoë-omwenteling 75kw motor wat 'n egalige lemspoed van 90/s handhaaf. **PD**

# CHESA WHEELS CHARCOAL STOVE -

## AFFORDABLE COOKING ALTERNATIVE

CHESA WHEELS IS A PORTABLE AND ECONOMICAL LITTLE COOKER / CHARCOAL STOVE THAT'S CHEAP, ECONOMICAL, ENVIRONMENTALLY FRIENDLY AND SAFE TO USE. IT IS PERFECT FOR CAMPING, CAN BE USED AS A COOKING SOURCE IN INFORMAL COMMUNITIES, COOKING UP A STORM DURING LOAD SHEDDING AND IT CAN EVEN BE USED AS A HEATING ALTERNATIVE. AND WHAT'S MORE, IT IS A SOUTH AFRICAN PRODUCT AND THE FUEL TABLETS HAVE BEEN TESTED AND APPROVED BY THE CSIR AND DECLARED TO BE FREE OF TOXIC BY-PRODUCTS.

### BRIQUETTES CHESA WHEELS CW300 / BRIQUETTES BOX X 12 CHESA WHEELS CW000

Each wheel burns for between 3 – 5 hours. The manufacturer states that the briquettes / wheels will not blacken the bottom of cookware and can be used in fireplaces and closed combustion stoves with no soot emission. Always light the briquettes outdoors and do NOT use them for braaiing.

### STOVE STAINLESS STEEL NEW STARTER PACK SSK200

It takes only 20 minutes to get up to operating speed and then provides heat for 3 hours of cooking at a time. It is a highly economical cooking fuel and safer than many other stoves. The ash can be used for compost. The set consists of a stove, 3 x 12 units of ChesaWheels and a tong. Use the stove to burn ChesaWheels briquettes only. Always light the briquettes outdoors and do NOT use them for braaiing.

### STOVE WHITE NEW STARTER PACK WSK200

Has the same specifications and functionality and start-up procedure as the stainless steel version, except this one comes in white. **PP**

**CHESA  
WHEELS**

**COOKING  
THE  
CHESA  
WAY**

- No more load-shedding or affordability issues
- Provide heat between 3 to 5 hours
- Coal briquettes are manufactured by local co-operatives

# SUMMERTIME...AND THE LIVING IS EASY - WITH PRODIST

YES, SPRING IS IN THE AIR AND IT IS INDEED NATURE'S REMINDER TO ALL POOL OWNERS TO TURN YOUR SWIMMING POOL INTO A SPARKLING OASIS OF FUN. AND KNOWING WHAT A SCHLEP IT CAN BE, PRODIST HAS SOURCED PRODUCTS FROM TOP BRANDS, NAMELY SPECK AND ZODIAC, TO MAKE SURE YOU HAVE EVERYTHING YOU NEED TO GET YOUR POOL READY FOR SUMMER.

**T**he greatest name in swimming pool, spa and bathtub pumps in South Africa and throughout the world, Speck Pumps have been designing and producing innovative, high quality pumps for the swimming pool industry for more than 105 years. Speck Pumps SA continued in this fine tradition and is, after 45 years, still one of the most trusted names in the swimming pool, spa and koi pump industry in South Africa.

Zodiac products promise a better life.

For over 100 years Zodiac have been motivated by innovation...and innovation has inspired their greatest successes. They continue to strive to supply the highest quality products and constantly seek to develop innovating products. "Innovation is what we create every day, for everyone, for a better life. The pool is a source of PLEASURE and JOY - a place to REUNITE FAMILIES which, in turn, CREATES RELATIONSHIPS and memories - a place where time stands still. That's the magic of a pool," according to the distributors of Zodiac.

Well you can now create your own bit of pool magic by using any of the products below from these two pool care stalwarts. **PD**

# VERBETER DIE PRESTASIE VAN PLAAGBEHEER- MIDDELS

DAAR IS GEREELD KLAGTES VAN VERBRUIKERS DAT PLAAGBEHEERMIDDELS NIE EFFEKTIEF IS NIE.

**D**ie rede daarvoor is nie die gehalte van die plaagmiddel nie, maar eerder die swak gehalte van Suid-Afrika se munisipale- of boorgat water waarmee hierdie plaagmiddels verdun word.

Die meeste plantbeskermingsprodukte is onstabiel by 'n lae (suur) of 'n hoë pH-vlak (alkalies) en word die doeltreffendheid benadeel wanneer die pH van die spuitmengsel te hoog of te laag is. Plaagbeheermiddels is stabiel by 'n pH-reeks van 4 tot 6.5. All Buff verlaag die pH van alkaliese water en verhoog die pH van suur spuitwater tot by 'n optimum pH van tussen 4 en 6.5 waar dit gebuffer word.

Vir doeltreffende werking van plaagbeheermiddels, moet die vermengingswater dus altyd eers met Protek All Buff gebuffer word voordat die plaagbeheermiddel in die water gemeng word. Sprayfilm 10 is 'n verspreider en kleefmiddel wat die effektiwiteit van die produk verbeter en verseker dat blare en plantoppervlakte behoorlik bedek word. Sprayfilm 10 verbeter die kleef van sproeidruppeltjies op die plant en verbeter die effektiwe leeftyd van onkruid-, insek- en swammiddels asook blaarvoeding. Deur Sprayfilm 10 te gebruik, kan die wasagtige laag wat sommige blare bedek, veral die van jong onkruid, binnegedring word en word oortollige afloop verhoed.

Sommige onkruid is ook vol haartjies, wat veroorsaak dat die druppel nie op die oppervlak van die blaar kom nie, maar wanneer Sprayfilm 10 gebruik word, word die oppervlakspanning van die druppel gebreek om klein, fyn waterdruppeltjies te vorm en egalige verspreiding tot op die blaaroppervlakte te verseker. Sprayfilm 10 is binne 1 uur reënbestand en die plaagbeheermiddels of plantvoedsel sal dus nie afwas nie. En onthou, Sprayfilm 10 bied beskerming teen die UV-strale van die son wat die afbreek van die gifstof beperk.

### HANDIGE WENK:

Om water te buffer, meng slegs 1 ml All Buff en 1 liter water in 'n spuitbottel of spuitkan. Die water sal blou verkleur.

1. Voeg die korrekte dosis plaagbeheermiddel of plantvoedsel by hierdie mengsel en meng.
2. Voeg dan laaste 0.5 ml Sprayfilm 10 by die mengsel en meng.
3. Die mengsel is nou gereed om gespuit te word.

Nou beskikbaar by Prodist.

# MECH FOCUS

## PRODIST LEADS DISTRIBUTION OF

## BELLOTA AND AGPOINT IN SOUTH AFRICA

PRODIST IS PROUD TO BE A CONTINUED DISTRIBUTOR OF PRODUCTS UNDER THE BELLOTA AND AGPOINT BRANDS, CEMENTING AN ONGOING RELATIONSHIP OF MORE THAN 15 YEARS. THESE TWO INDUSTRY GIANT BRANDS TOGETHER HAVE ALMOST 250 YEARS OF GLOBAL EXPERIENCE IN THE DEVELOPMENT AND DISTRIBUTION OF THEIR BRANDS.

### Bellota Agrisolutions

Bellota is Europe's number 1 manufacturer of agricultural spare parts. With five production plants: 2 in Spain and one each in the United States, India and Brazil,

Bellota Agrisolutions is a benchmark for the most important manufacturers and distributors of agricultural machinery on the five continents. The company employs approximately 500 people all over the world, and specialises in the development of new ideas made-to-measure for every separate market, for every customer and every agricultural tool. With more than 106 years of experience in manufacturing spare parts for agricultural ploughing and tilling machinery as well as seed drills and sugar cane harvesters, it provides the widest range of products on the market for the sector. Its range of products includes spare parts for such agricultural machinery as seed drills, disc harrows, cultivators, chisels, ploughs, soil de-compactors and others.

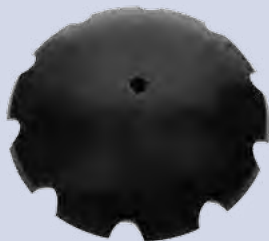

**F520CJ14048**

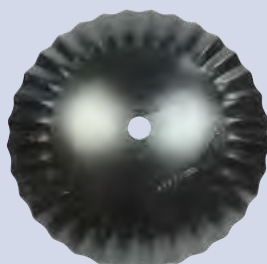

*The quality of Bellota discs begins with the quality of its steel: Special Boron Steel (Bellota Borodur) is heat treated to offer a perfect balance between hardness and toughness. This results in lower wear and longer life of the disc, almost eliminating the risk of breakage.*

**F5202772Z**

**F5201405 FLUTED**

### Agpoint

After more than 140 years in the agricultural manufacturing industry, Agpoint Australia is renowned for the quality and reliability of its products. Agpoint supplies goods to export markets in South Africa, New Zealand, Thailand, Malaysia and the Philippines.

Their factory is a light to medium forge specialising in the manufacturing of agricultural wear parts, specifically, hot formed and forged attachments for cultivating and seeding machines such as traditional tillage tools, heavy duty knife points and forged tynes. **PD**

*The Agpoint Baker boots are manufactured with the tile cut into a diamond providing superior stubble cutting ability in damp conditions. The wings are wear-enhanced with the superior Agpoint "Agtuff" process, further enhancing the wear of the Baker boot.*

# REDTOP FLYCATCHER

## IS THE ULTIMATE

SUMMER IS ON THE WAY AND WITH IT, UNFORTUNATELY AS MOST PRODUCERS KNOW, USUALLY COMES A HORDE OF ANNOYING FLIES.

**H**owever, this summer you don't have to brave the heat armed with a can of toxic insecticide to ward off the unhygienic winged devils. All you have to do is to set up a Redtop Flycatcher. This ingenious product, which is available from Prodist, actually exploits the survival instincts of Mr and Mrs Brommer in order to trap them. The bait used to lure the flies to their doom is especially appealing to female flies and helps break down the breeding cycle and effectively reduces the next generation. It is easy to use, hygienic, ozone- safe and because it needs to be set up no closer than 5 metres from

the affected area, it is completely user-friendly. It also contains no poisons or harmful chemicals and the flies cannot build-up resistance to the bait as they do with traditional pesticides.

### THERE ARE FIVE MAIN COMPONENTS THAT MAKE UP THE REDTOP FLYCATCHER:

1. A turret through which the flies enter into the trap.
2. A cover dish which is the 'chassis' of the trap.
3. A mesh cone which stops the flies from escaping once inside.
4. A bag which contains the bait and the trapped flies.
5. A powdered bait which is mixed with water within the trap.

A sachet of bait lasts from six to eight weeks before replacement is necessary. **PD**

# YANMAR

# DRAKENSBERG

### DRAKENSBERG BUDGIE SEED

Our seeds maintenance mixture provides budgies with a top quality seed based diet that offers a selection of Manna, Millets and Oats that is highly nutritional.

### DRAKENSBERG PARROT FOOD

A mixture of high quality seeds, keeping your parrots in great condition.

### DRAKENSBERG WILD BIRD SEED

It is formulated for ease of feeding for birds from every region, even with multiple species, including budgies and cockatiel birds.

### DRAKENSBERG RABBIT PELLETS

Rabbits are herbivores that feed by grazing on grass, forbs and leafy weeds. In consequence, their diet contains large amounts of cellulose, which is hard to digest.

### DRAKENSBERG HAMSTER FOOD

Although they can survive on a diet of exclusively commercial hamster food, other items, such as vegetables, fruits, seeds, and nuts, can be given to complement their diet.

### DRAKENSBERG SUNFLOWER SEED

Striped or black sunflower seeds are highly recommended for use in bird feeders because they attract a wide variety of birds, have a high ratio of meat to shell and are high in fat content.

### DRAKENSBERG GROWING PELLETS

Expertly designed and formulated growing feed to simplify feeding of mixed flocks with natural, balanced nutrition for strong and healthy chickens.

REGISTERED BRAND OF

**PRIDE**  
MILLING CO. [PTY] LTD

### DRAKENSBERG MIXED FOWL FOOD

This is a mixture of various kinds of seeds and grain (maize, sorghum and sunflower). A good source of very high protein, fibre and fat.

# MICA MARKET CALLS FOR

## ADJUSTMENT OF THE SAILS

PRODIST ONCE AGAIN JOINED THE 108 MICA STORE REPRESENTATIVES FROM ACROSS THE COUNTRY AS WELL AS MICA'S SADEC MEMBERS AT THE ANNUAL MICA MARKET HELD AT THE WILD COAST SUN RESORT FROM 17 - 20 AUGUST 2015.

The Mica Market has become a not-to-be-missed event on the industry calendar since its inception in 2010. This year's theme was "Adjust the Sails!"

"The world today is going through some rough times - politically, financially and militarily. We are each the captain of our own ship. You can do nothing and complain about how poorly things are going. Alternatively you can do nothing and wait for the world to improve. Or you can do what you can to adjust the sails and improve your condition," said Legendary Retail Brands (LRB) Group Marketing and Advertising Executive, Debra Schmidt.

The Mica Market is the group's annual conference which allows members, support centre team members and suppliers the opportunity to network in a relaxed atmosphere and share experiences and knowledge, new innovation in products, etcetera. The team also provides training platforms for the members and a trend setting guest speaker who shares insight into the market in general.

LRB Chief Executive Officer, Nareen Daya, left the event with the following quote about moving forward: "The pessimist complains about the wind; the optimist expects it to change; the realist adjusts the sails".

The event proved to be hard work but also fun. Various functions were hosted over the course of the market: Mica Market's opening function sponsored by Kansai Plascon was Madame C's Palace of Intrigue, which included strength acts, aerial acts, visual poi, cabaret and a wonderful Master of Ceremonies in Cathy Specific (currently the MC at Madame Zingara in Cape Town). The 2nd evening was a Totally Tiki Party sponsored by Ryobi, which featured SA Band Watershed at the Water Park at the Wild Coast and an island / caribbean beach theme.

The working day featured guest speaker Vusi Thembekwayo, who presented his famous speech on The Edge of Chaos, which dealt with change management. The event concluded with a black tie gala dinner which, in keeping with the theme, was a Captain's Dinner for the award winners, members and suppliers. **PD**

# FARMCITY LAUNCHES LOYALTY PROGRAMME

FarmCity is excited to announce its new loyalty programme which will put customers in line for discounts and rebates depending on how your new loyalty card is used. The loyalty programme comes with an exciting loyalty card, customised for producers, schools, contractors and pensioners. **PD**

## FARMCITY BRAND FLIES HIGH AT SANESA

As major sponsor of the South African National Equestrian Schools Inter-league (SANESA), FarmCity is proud to have been involved in the National Qualifiers held at the Midrand Equestrian Grounds between 7-9 August. The competition featured the cream of South African riders from all over the country. FarmCity enjoys exclusive exposure at SANESA competitions throughout the year and aside from extensive brand exposure at the National Qualifiers, it also hosted a stall at the event.

SANESA is a vibrant and dynamic organisation, acknowledged by the South African Equestrian Federation (SAEF) and South African Sports Confederation and Olympic Committee (SASCOC), and has dedicated itself to promoting all forms of Equestrian sports within South Africa's school communities. **PD**

## FARMCITY DIE HOOFBORG BY

### PIERRE VAN RYNEVELD DORPSFEES

FarmCity was weereens, vir die tweede agtereenvolgende jaar, die hoofborg van die gewilde Pierre van Ryneveld Dorpsfees wat van 1 tot 5 September 2015 gehou is in Pierre van Ryneveld naby Centurion.

Die geleentheid is 'n kaleidoskoop van aktiwiteite en vermaak, wat 'n vier-by-vier hindernisroete, skoonheidskompetisie, kunsuitstalling en kinderaktiwiteite ingesluit het. Vanjaar se hoogtepunt was die pragtige Karlien van Jaarsveld. Die musiekgroep Kaleidoskoop en die laerskole Monumentpark en Elarduspark kore het ook vir die nodige vermaak gesorg. Hierdie geleentheid, wat jaarliks vir die afgelope vier jaar aangebied is, gee uitstekende blootstelling aan die FarmCity handelsmerk, met tot soveel as 3 000 besoekers aan die fees. **PD**

# FUSION

POWER TOOL ACCESSORIES

## FUSING QUALITY & RELIABILITY

Cutting and Grinding Discs | Jigsaw Blades Diamonds  
Circular Saw Blades | Drill Bits

**2000002656**

### ELEMENTS HIGH VELOCITY FLOOR FAN

This 45cm fan comes with 3 speed settings, 65W of power and has an up/down adjustable tilting angle (130).

**MIC.FE45**

elements

### 7X50 BINOCULARS

These elegant Porro-prism binoculars have excellent optical characteristics and is perfect for game viewing. The fully coated optics guarantee a decisively higher light transmission through the glass, thus increasing colour fidelity and contrast. The 50-mm objective lenses gather enough brightness for observation even in twilight conditions. A carrying pouch and neck strap are included. For longer observations, a tripod-adaptor thread is integrated.

**LITE0255**

NATIONAL GEOGRAPHIC

### 8X21 BINOCULARS

At only 170 g, these water-resistant, rubber-armoured binoculars are ideal for tossing in your backpack wherever you travel.

Individually focusing eyepieces with BAK-4 roof prisms and multicoated lenses increase contrast and resolution and bring birds and wildlife eight times closer.

**LITE0245**

### SLEEPING BAG DOUBLE DURANGO COLEMAN

Perfect for roughing it at a camp site or just as comfy for a sleep over. Features a polyester taffeta shell; single layer, 1 x 200 g/m squared solid spiralised fibre insulation; polycotton lining; size, 210 x 150 cm; packed Size 50 x 29 cm; weight, 2.7 kg; full colour packaging.

**2000012677**

## • OUTDOOR • IRRIGATION • POWER PRODUCTS • CONSTRUCTION

### ORANGE HOSE

Superior quality gas hose complies to SABS 1156 2000 spec. Good resistance to fuel, diesel and gas. Cut and abrasion resistant.

**MALP0830**

### BLACK HOSE

# PRODIST SHOWS OFF YANMAR AT THE TALISMAN HIRE SHOW

A TALISMAN IS A LUCKY CHARM AND IT SEEMS THAT THE LUCK IS WORKING ITS MAGIC ON THE 59 FRANCHISEES AND STAFF WHO HOSTED THE TALISMAN HIRE SHOW AT LA WIIDA GAME RESERVE NEAR PRETORIA ON 20 AUGUST THIS YEAR.

**P**rodist took the opportunity to exhibit its Yanmar range of engines, water pumps and generators which are widely used and preferred in the tool hire and construction industries. The Yanmar brand piqued the interest of many of the approximately 300 patrons who attended the show.

Talisman Hire offers quality equipment at prices to suit your budget and quick deliveries to meet your deadlines.

For further information and technical assistance please contact the Prodist Power Products division on 010-0450700 - Wynand van den Berg, Louiza Carstens or Kaveer Rubykisson on 084 5154899.

# TALON WELCOMES YOU TO A WORLD OF HARD WORK MADE EASY

WE'VE ALL HEARD THE EXPRESSION "AFRICA IS NOT FOR SISSIES", AND NO ONE UNDERSTANDS THAT BETTER THAN TALON WHO PRIDES ITSELF IN DELIVERING "TOUGH TOOLS, FOR TOUGH JOBS, BUILT TOUGH FOR SOUTH AFRICA'S TOUGH CLIMATE."

**A**s an industry leader in the tough tools business, Talon brings a wealth of expertise to the industrial tools market. Their exceptional track record of consistently providing quality performance tools and products has made the brand a firm favourite in the farming, gardening, commercial and DIY-sectors.

Talon has a country-wide network of preferred stockists and has partnered with Prodist to create a strong footprint in the agricultural market. Here are just a few of the Talon products which are available from Prodist.
