

 <p>A technical drawing of a PTO adaptor. It is a cylindrical component with a smooth, slightly tapered front section and a rear section with longitudinal splines. The front section has a central circular hole and a smaller hole on the side. The splined section has several small holes along its length.</p>	<p>PTO Adaptor 1 1/8" to 1 3/8" Vaaljapie</p>	<p><b>FS252</b></p>
