

 <p>The technical drawing shows a ball pin assembly in a side view. It consists of a large, rounded ball at the left end, followed by a cylindrical neck, a wider cylindrical collar, a coiled spring, a ball, a nut, and a washer. Dimension lines indicate the following measurements: 50mm for the ball diameter, 12,7mm for the collar thickness, 70mm for the total length from the ball to the end of the nut, 57mm for the length from the collar to the end of the nut, and 22,22mm for the nut diameter.</p>	<p>Ball pin assembly 22mm</p>	<p>FS3341</p>
