

 <p>Technical drawing of an implement pin. The drawing shows a side view of a cylindrical pin with a diameter of 28mm. The total length is 180mm. The pin is divided into three main sections: a 90mm long section on the left, a 61mm long section in the middle, and a 90mm long section on the right. The middle section has a diameter of 6mm and contains two circular holes. The distance from the left edge of the middle section to the first hole is 16.5mm, and the distance between the two holes is 61mm. The right section has a diameter of 22.22mm and a chamfered end.</p>	<p>Implement Pin Cat 1/2</p>	<p>FS3540</p>
